Adverse Childhood Experiences Training Levels 1 & 2

This is ACE awareness and trauma informed practice training levels 1 and 2 specifically for educators/trainers/lecturers, who may wish to experience and observe the resources that the EITP TIP project have developed. Level 1 is ACEs awareness training and level 2 builds upon this, looking at trauma informed skills development. There are a range of ways the resources could be used in your different roles and capacities, so this will inform your planning.

This training day will be followed up with a 'Training for Trainers' in late September when the trainers' manuals and other resources will be ready. In addition the session will be a forum for discussion regarding use of the materials.

- Date: 20th August 2019
- Venue: HSC
Leadership Centre,
Hampton Manor Drive,
BT7 3EN
- Time: 9.30am – 4pm
